Background of Vienna Startup Package

The Vienna Startup Package is an initiative of the Vienna Business Agency. It aims at encouraging international startups to opt for Vienna as their business location.

The Vienna Start-up Package and support from the Vienna Business Agency

The Vienna Business Agency invites up to 20 international startups to Vienna for a period of one month and is offering the following support:

- Travel costs for **one person/startup** (Economy Class)*
- Accommodation for one month for **one person/startup***
- Desk in a coworking space for one month for one person/startup*
- Coaching worth EUR 2.000,--
- Exclusive introduction to Vienna´s startup network

***The program will take place tentatively from May 22 to June 22, 2023 in Vienna. Changes due to the current COVID situation are possible. VBA will connect to participating startups prior to the offline program some digital sessions in the first weeks of May 2023. This will allow us to get to know you better in advance.**

Guidelines

- A key condition for participation in the program is that the startup commits itself to fully participate in the program and be physically present in Vienna during the program. **Please note that changes are possible.**
- All startups require sufficient financial resources to sustain themselves in terms of day-to-day living expenses for the duration of the Program (except for costs related to accommodation and coworking space).
- Participation in the program will be awarded to the startup with the objectively strongest application.
- The Vienna Business Agency intends to select 20 startups to participate in the program. The Vienna Business Agency reserves the right to award participation to more or fewer startups and is not obliged to award participation to any applicants.
- The Vienna Business Agency will not reimburse any costs incurred in submitting an application.
- By submitting the application, the startup agrees to the procedures, regulations and set requirements as stated in the guidelines.
- The Vienna Business Agency reserves all rights at all time to stop or discontinue the application process without being obliged to reimburse the costs of the applicant.
- All dates concerning travel and residency are determined between the Vienna Business Agency and the startup. All costs for any changes without a reasonable justification (e.g. illness, fatal causalities) are at the expenses of the startup. An extension of the agreed length of stay is not possible.

- The accommodation provided by the Vienna Business Agency has to be treated with care. Any damages caused through gross negligence have to be replaced or paid by the start-up.
- The Vienna Business agency will procure a health and accident insurance for the person representing the startup for the period of the stay.*
- The Vienna Business Agency keeps all information confidential.
- By submitting the application, you confirm the accuracy of your submitted data and agree with clicking the send button that your personal data. All provided information disclosed in the application form will be transmitted from Pioneers to Vienna Business Agency for the purpose of evaluation of your application for the Vienna Startup Package and sending further information via newsletter. You may unsubscribe from the newsletter service of the Vienna Business Agency at any time, by clicking on the corresponding link in the newsletter.

Planning

This planning is indicative and no rights can be derived from it.

Activity	Week/Date
Final date for application	24/02/2023
Jury Meeting	16/03/2023
Sending out information of award or rejection to the selected and rejected start-ups	20/03/2023
Start of Program in Vienna	22/05/2023
End of Program in Vienna	24/06/2023

*Subject to Change (Please note that digital sessions prior to the offline program will be announced after all startups are selected. The online sessions will enable a better onboarding and prep-work so that you can make the most out of the one month in Vienna).
